Important Information Regarding Renewals

2020 has been a very different year for everyone in many ways, and the annual renewal process for licensees of the Board will be different this year as well. As a result of recent rule changes, the effects of the COVID-19 pandemic and limitations of the Board's database algorithms, all licensees will be affected. **Please read the following information carefully.**

Increased Annual License Fees:

In early 2019, proposed rule changes were approved and new annual license fees were set to go into effect on July 1, 2020. Due to COVID-19, the Board suspended the increases through December 31, 2020. The new fees will be effective for the 2021 licensing year, and will apply to all advanced 2021 renewals beginning October 1, 2020.

Online Renewal Available for 2021 Only:

Beginning October 1, 2020, only individuals who hold a currently active license for 2020 will be able to renew online for 2021. You will receive a renewal invoice in the mail in early October which will contain your username and password. You are encouraged to renew online using a MasterCard or Visa.

2020 Late Processing Fee Waived

Annual renewals are due by December 31st of each year, and a late processing fee applies if submitted after January 31st. However, due to COVID-19, late fees for those who renew(ed) for the 2020 license year between March 10th and December 31, 2020 will be waived. The \$25.00 late processing fee will be applied to all 2020 renewals postmarked after December 31, 2020. The late fee for previous years (2018 and 2019) was not waived, and applies to all multi-year renewals.

2020 and Previous Year(s) Renewals:

Beginning October 1, 2020, 2020 and previous years (2019 and 2018) must be renewed by submitting a completed paper renewal form and payment (check or money order) to the Board office. These licenses cannot be renewed online. All renewals which include 2018 or 2019 must include the \$25.00 late fee. Any renewals that include fees for 2018 must be postmarked by December 31, 2020. Any 2018 renewals not postmarked by that date will be returned and the license will be retired.

Is Your License Listed Correctly?

The Board issues licenses to qualified individuals, and the licensed individual is then required to list the license with the Board in the name in which they are doing business. The individual may be doing business in their given name, but over 99% of the Board's licensees engage in business on behalf of a firm, whether they are a sole proprietor, partner or full-time employee.

Your license needs to be listed with the Board exactly as you are doing business...in other words, the name that you use on legal documents, advertising, quotes, bids, contracts, permit applications, invoices and other paperwork must be exactly as it is listed with the Board.

You may check the current listing of your license by entering your license number in the License Search tool on the Board's website. If you need to change the way the license is listed, a Trade Name Change form (available on the Forms page of the website) should be submitted to the Board's office. If you have any questions, please send a detailed message to information@nclicensing.org.

Disciplinary Actions

The Board is required by law to investigate every complaint received. If the findings of the investigation indicate that a violation of the laws and rules enforced by the Board have occurred by a licensed or unlicensed individual and/or firm, a number of disciplinary actions are available to the Board. Recent actions are reflected in the four reports that follow:

- Letter of Caution Report
- Consent Agreement Report
- Field Resolution and Resolution Review Committee Report
- Attorney's Report

Letter of Caution Report

Upon completion of investigations, a Letter of Caution can be issued to a licensee where it is determined through an investigation that a violation has occurred by one of our licensees. The Letter of Caution is issued to address and affirm issues they should improve upon or be more mindful of for future jobs:

Resolution Agreements

A Field Resolution Agreement is a voluntary agreement by which a licensee enters into some type of sanctions against their license instead of appearing before the Resolution Review Committee or the Full Board at a formal hearing. All of the Agreements are reviewed by a member of the Resolution Review Committee and then presented to a Board hearing panel for approval prior to the agreement being adopted as a final agency decision. If a complaint has not been resolved in the field through a Field Resolution Agreement, then the case can be referred to the Resolution Review Committee. During the Resolution Review Committee meeting, a licensee can enter into a Review Committee Resolution Agreement in place of appearing before the Board at a formal hearing; the agreement is then presented to a Board hearing panel for approval prior to the agreement being adopted as a final agency decision. Cases that cannot be resolved through the use of Field Resolution Agreements or Review Committee Resolution Agreements are forwarded to formal hearings before the Board. Listed below are the different agreements entered into by the field staff and the Resolution Review Committee that have been approved by the Board. The information below does not contain all of the facts or details of each case. Specific details of any of the following cases can be obtained by e-mail (information@nclicensing.org) or upon written request to the Board's office. Agreements begin on page 6.
