Have You Renewed Your License Yet?

Time is running out! 2022 is just over a month away, and all licensees need to renew their license for the upcoming year prior to expiration on December 31st. Failure to renew a license can result in denial of permits and disciplinary action by the Board if work is done on an expired license.

Individuals who hold a currently active license for 2021 are able to renew online for 2022. Renewal notices which contained the username and password in early October. There are three ways to renew.

The preferred method is through the online portal using a MasterCard or Visa. You will need a valid e-mail address to renew online. If you use this method, you should print your license following payment, as a printed copy will not be mailed from the Board's office if the license is renewed online.

The second option is to email or fax the signed renewal form to the Board office, and a link will be sent for online payment. The third option is to mail the signed renewal form to the Board's office with a check or money order. Please note that the renewal will not be processed until payment is received, regardless of the method used.

Licensees who expired in 2018, 2019 or 2020 may renew by submitting a completed paper renewal form and payment (check or money order) to the Board office. You may also email the signed renewal form to dsoltys@nclicensing.org and request a link to pay your fees online. Keep in mind that all forms are processed in the order received and must still be completed PRIOR to 12/31/2021 in order for the license to be renewed successfully. This is not an automated process.

Please note that if the license expired in 2018, it may be renewed until December 31, 2021. After that, the license will be retired, and the individual will be required to take and pass all applicable examinations in order to reinstate the license.

Examination Applications Now Online!

The Board continues to add more online services for applicants, licensees and citizens. In October, we added the ability for applicants to submit their application and supporting documents online. This eliminates the time required for a paper application package to arrive by mail, be processed by our staff, and placed in a stack for review. When submitted electronically, the application is received and processed faster, and can be reviewed electronically.

There are a few things of importance with the online application process. Applicants must have the ability to upload their supporting documents (experience verification forms, W2s/1099s, and other documents that may be required). They must also have a valid e-mail address that is checked regularly. Documents that require a signature and/or notarization may be uploaded for the review process, but final approval of the application and exam scheduling will not be completed until the original signed and/or notarized documents are received and processed in our office.

Once the application is reviewed, approved, and all required original documents have been received and processed, the applicant will receive an email notification of the approval and instructions for scheduling the required exam(s).

Links to access the online application can be found on the Home, Forms, Exam Information and Online Services pages of our website at www.nclicensing.org.

Disciplinary Actions

The Board is required by law to investigate every complaint received. If the findings of the investigation indicate that a violation of the laws and rules enforced by the Board have occurred by a licensed or unlicensed individual and/or firm, a number of disciplinary actions are available to the Board. Recent actions are reflected in the four reports that follow:

- Letter of Caution Report
- Consent Agreement Report
- Field Resolution and Resolution Review Committee Report
- Attorney's Report

Letter of Caution Report

Upon completion of investigations, a Letter of Caution can be issued to a licensee where it is determined through an investigation that a violation has occurred by one of our licensees. The Letter of Caution is issued to address and affirm issues they should improve upon or be more mindful of for future jobs:

Resolution Agreements

A Field Resolution Agreement is a voluntary agreement by which a licensee enters into some type of sanctions against their license instead of appearing before the Resolution Review Committee or the Full Board at a formal hearing. All of the Agreements are reviewed by a member of the Resolution Review Committee and then presented to a Board hearing panel for approval prior to the agreement being adopted as a final agency decision. If a complaint has not been resolved in the field through a Field Resolution Agreement, then the case can be referred to the Resolution Review Committee. During the Resolution Review Committee meeting, a licensee can enter into a Review Committee Resolution Agreement in place of appearing before the Board at a formal hearing; the agreement is then presented to a Board hearing panel for approval prior to the agreement being adopted as a final agency decision. Cases that cannot be resolved through the use of Field Resolution Agreements or Review Committee Resolution Agreements are forwarded to formal hearings before the Board. Listed below are the different agreements entered into by the field staff and the Resolution Review Committee that have been approved by the Board. The information below does not contain all of the facts or details of each case. Specific details of any of the following cases can be obtained by e-mail (information@nclicensing.org) or upon written request to the Board's office.
