Residential Fire Sprinkler Installation Contractor Class and Examination to be Offered in November

The Residential Fire Sprinkler Installation Contractor (RFSIC) class and examination will be offered on Thursday, November 16, 2023, at the Holiday Inn Greensboro, located at 3005 West Gate City Blvd..

This class is open to plumbing contractors who have held an active license with the Board for at least two years and wish to obtain the Residential Fire Sprinkler Installation Contractor license.

If you are interested in obtaining the license, please read this article carefully and in its entirety, as there are important deadlines that applicants must meet in order to attend.

The RFSIC license allows for the installation of multi-purpose fire sprinkler systems in one- and two-family dwellings. The system must be designed by a commercial Fire Sprinkler Installation Contractor licensee of this Board, or by a North Carolina Professional Engineer. The system must be installed by the contractor per the design, and inspected by the local inspection department.

The experience requirement for the license is two years as an active licensed plumbing contractor of this Board. The individual must submit an application and background check. They will then receive the self-study course materials via e-mail. The self-study worksheets must be completed by the applicant and submitted to the Board in order to be seated for the classroom instruction and examination.

IMPORTANT DEADLINES

Immediately:

Applicants will need two books for the self-study, class, and exam. Books should be ordered immediately to allow time for shipping.

- Board Laws & Rules - [Click here to order](#)

- NFPA 13D - Standard for the Installation of Sprinkler systems in One- and Two-Family Dwellings and Manufactured Homes (2013 Edition) - [Click here to order](#)
(Note: You must select the 2013 Standard Print edition)

Friday, September 29, 2023

Application with background check and exam fee must be received in the Board's office by 09/26/2023. They may be mailed with payment, or emailed and paid by card online. [Click here to download](#) the Residential Fire Sprinkler Installation Contractor application. Self-Study worksheets will be emailed to the applicant upon receipt of the application.

Friday, October 27, 2023

Self-Study Worksheets must be received in the Board's office by 10/29/2023. They may be mailed or emailed.

Please Note: Due to the time needed for reviewing and processing applications and self-study worksheet submissions, no extensions will be granted and no exceptions will be made.

Disciplinary Actions

The Board is required by law to investigate every complaint received. If the findings of the investigation indicate that a violation of the laws and rules enforced by the Board have occurred by a licensed or unlicensed individual and/or firm, a number of disciplinary actions are available to the Board. Recent actions are reflected in the four reports that follow:

- Letter of Caution Report
- Consent Agreement Report
- Field Resolution and Resolution Review Committee Report
- Attorney's Report

Letter of Caution Report

Upon completion of investigations, a Letter of Caution can be issued to a licensee where it is determined through an investigation that a violation has occurred by one of our licensees. The Letter of Caution is issued to address and affirm issues they should improve upon or be more mindful of for future jobs:

Resolution Agreements

A Field Resolution Agreement is a voluntary agreement by which a licensee enters into some type of sanctions against their license instead of appearing before the Resolution Review Committee or the Full Board at a formal hearing. All of the Agreements are reviewed by a member of the Resolution Review Committee and then presented to a Board hearing panel for approval prior to the agreement being adopted as a final agency decision. If a complaint has not been resolved in the field through a Field Resolution Agreement, then the case can be referred to the Resolution Review Committee. During the Resolution Review Committee meeting, a licensee can enter into a Review Committee Resolution Agreement in place of appearing before the Board at a formal hearing; the agreement is then presented to a Board hearing panel for approval prior to the agreement being adopted as a final agency decision. Cases that cannot be resolved through the use of Field Resolution Agreements or Review Committee Resolution Agreements are forwarded to formal hearings before the Board. Listed below are the different agreements entered into by the field staff and the Resolution Review Committee that have been approved by the Board. The information below does not contain all of the facts or details of each case. Specific details of any of the following cases can be obtained by e-mail (information@nclicensing.org) or upon written request to the Board's office.

Airtron, Inc. Charlotte, NC

License# 32759 H-3-I

Allegations the firm failed to provide adequate supervision on load calculations to confirm their accuracy, failed to perform proper load calculation(s) in that after the complaints were filed, new load calculations were performed by the firm demonstrating an inaccurate load to begin with, installed undersized equipment on both complaints, failed to provide copy of load calculations upon request, failed to respond to customer complaints in a timely manner, and violated the minimum standard of the North Carolina State Mechanical Code.

Resolution Conference held 05/03/2023.

The Review Committee found that the allegations were supported by the evidence and

recommended that the license of the firm shall be placed on unsupervised probation for a period of eighteen (18) months. Among other requirements during the probation, if a homeowner requests a copy of a load calculation the firm shall submit a copy of the complete load calculation to the homeowner within five (5) business days of the request, and all current licensees of the firm shall enroll, attend, and complete the Special Board Laws & Rules course approved by the Board's Executive Director within 90 days of approval of this agreement. This course is four (4) hours in length. The licensee shall bring to the course the current edition of the Board's Laws and Rules book. The licensee acknowledges receipt of a schedule of the dates, times, and locations of this Special Board Laws & Rules course. It is the respon-

sibility of the licensee to contact the course provider, State Board of Examiners of Plumbing, Heating & Fire Sprinkler Contractors by e-mail (education@nclicensing.org) to register for this course. When registering for this course the licensee shall indicate their full name, their license number and the date and time for the class they are registering to attend.
